

Analyzing Concrete Test Data

Luke Snell, P. E.

Thursday, November 15, 2018
8:30 am - 12:30 pm
Texarkana, AR

Sponsored by:

Arkansas Ready Mixed Concrete Association & Arkansas Chapter, ACI

Register Today..... Luke Snell, P. E. will be conducting the seminar to address many issues in analyzing concrete test data. Back by popular demand we are pleased to provide this very educational seminar for the concrete industry.

Personnel who evaluate concrete problems and those who must determine if construction meets plans and specifications should attend. This seminar will address how to read concrete test reports and how to determine if your concrete is okay. Then identify who is responsible for strength problems and how to assess the concrete testing technician. Hardened concrete can be examined with the rebound hammer answering the question - Does it Measure In-Place Concrete Strength?

Who should attend... Engineers, Architects, Contractors, Owners, Developers, Municipal and Public Works Officials and Industry Professionals.

Location: Hampton Inn
5302 Crossroads Parkway
Texarkana, AR 71854

You will receive handouts, CD with Excel Spreadsheet used to evaluate concrete data, lunch and a certificate of attendance for pre-registered attendees.

 **AIA 3 - HSW**

Continuing Education Credit: Participants will earn 3 CEUs . This is equal to 3 Professional Development Hours (PDH), or 3 Learning Units (LU). Certificates will be presented upon completion of the seminar for pre-registered attendees. This seminar is registered with AIA Continuing Education System for HSW.
